THE CHICAGO DAILY TRIBUNE.

FOR THE BENEFIT OF THE CHICAGO

The Pro-Slavery paper will keep blowing over the fence issues. We have been looking for the official signs, and find this state of facts:

Mr. Fisher, Dem., who received 500 majority votes in Clayton Co. That county gave Fremont 665 majority, but out of compliment to Mr. F., who gave him 400 majority over Hopper, Rep. It gave him 400 majority over Fremont, Rep. May 10, 1857. Rep. 296 to the same election, and Fremont, 197, who had 662 in the State. Thus it seems that Clayton county elected both the Democratic and Republican votes, through local causes.

Mr. Buchanan county which gave the Republican State ticket 250 majority went for Fremont; last fall 366, no account of technical error in the return was thrown out and not counted.

35. There are fully 1500 Republican votes in DuPage county; only 728 of them went to the Free State, and for the 1500 Pro-Slavery majority in that county.

46. In DuPage county, which is Republican by more than two to one, no Republican tickets were distributed, while the other side polled 157 votes, making a Republican return of 309 on last fall. The same thing occurred in Potts Valley, where the pro-Slavery did not fall, but the Republicans, though they had 200 more, lost the election to the Republicans over 200 votes.

And lastly, of the 9,180 Fillmore votes, an inspection of the returns shows that most of them voted with the Border Ruffians. Yet with all these batches, the result was a draw game, and that is the most our opponents can make of it.

The Free State Proposition Originated.

We have published in this paper Gov. Robinson's proposal to Secretary Stanton, and the whole world has been told to the Free State men taking part in the election.

Yesterday we published an important letter from a prominent citizen of Kansas, giving the conversation that passed between Stanton, Robinson and McLean. To-day we copy from the New York Times a letter from a gentleman who was present at Lawrence, during Mr. Stanton's visit there, and who gives a detailed account of the conversation which ensued between him and the others on the same evening and the next morning. He states, in the most positive manner, that Gov. Robinson's proposition was the result of Mr. Stanton's own suggestion. During the night he was in the office of the speaker, Gov. McLean, a meeting of the Delegates for the election of Delegates to the Constitutional Convention had been formed with the express object to ruin the Free State party.

"We have done it," said he. "Afterwards he attempted to account for this rather unusual and unadvised action of his party by saying that it was the result of the influence of the anti-slavery party in the Free State party.

"As far as I am concerned, he was told that he had no right to do what he did, and that he would be held responsible for it."

He mentioned; he approved that part relating to the census, and thought the other might be satisfactorily arranged. At his own expense, the proposition was reduced to writing; and as he had left Lawrence before its completion, it was sent to Stanton.

During the next morning, he reiterated his confidence in being able to secure the co-operation of the Slave and Free State Delegates, and that he had no doubt of their success in the Free State party in the election of Delegates to the Constitutional Convention.

He then said, "I have no right to do what I did, and that my friends would be held responsible for it." As far as I am concerned, he was told that he had no right to do what he did, and that he would be held responsible for it."

He then said, "I have no right to do what I did, and that my friends would be held responsible for it."
